**The Director General,
Central Public Works Department,
Nirman Bhawan, New Delhi – 110011.**

**Sub: Revised Organizational Structure of Central Public Works
Department – Reg.**

Respected Sir,

With reference to above cited subject, we would like to draw your kind attention towards the Directorate's OM No. 10/10/2018-S&D/106 dated 25-03-2019 vide which the organizational restructuring of the department is conveyed with the directions to implement w.e.f 1-04-2019. The time frame given is very short as budget, delegation of powers, duties and jurisdiction of units has so far not been decided which is conveyed in the OM dated 26-03-2019 on the issue. It is also observed that the decision taken in this regard is without consulting the recognized Associations, even the status of some cadres including Ministerial Cadre in not clear and it will affect the major changes in the functioning of the department including large number of transfers in every cadre.

The post of AE(HQ) was created in 1996 which was replaced with the post of EE(HQ), this Association raised a demand of up-gradation of post of Assistant Administrative officer to the post of Administrative Officers in the Zonal and above offices at the time of representation to 7th CPC which was recommended by the Department also, for justification of the post we demanded replacement of post of Executive Engineer(HQ) from Zonal and above offices. In this connection the matter was discussed in several meetings held with JS(W)MoUD and resulting the post of EE(HQ) was removed from most of the Zones in organizational set-up of CPWD issued vide Directorate vide OM No. 3/4/2015-S&D/Set-up/407 dated 12-06-2015 except 34 posts for which this Association demanding the post of AO instead of EE(HQ).

In present organizational structure, the post of AE(Admn.) is re-introduced where as the post of Assistant Administrative officer is available for administrative purposes therefore proposed post of AE(Admin.) may be utilized for the purpose of Engineering needs of the Department by modification of the structure.
